

## **2700 square feet, 11 dots, infinite enchantment – Wendt & Kühn World of Figures**

Since the Wendt & Kühn World of Figures opened in Seiffen on October 3, 2003, visitors from all over the world have streamed into the enchanting sales gallery. Wonders, discoveries and shopping opportunities abound over 2700 square feet of exquisitely decorated retail space. Our angels, Blossom Kinder and music boxes not only steal the hearts of our German visitors – the meticulously handcrafted figurines also draw fans and collectors from North America to Japan. The World of Figures presents our unique history and offers inspiration for distinctive decorating and gift-giving at every step. The World of Figures celebrated its 10th anniversary in October 2013 and welcomed its millionth visitor in November 2013.
